INTERNSHIP OPPORTUNITY
FOR HOUSTON, TX HIGH SCHOOL STUDENTS

Achieving Community Tasks Successfully dba ACTS and the Deep South Center for Environmental Justice in collaboration with CLEAR Environmental, is now accepting applications for the

Environmental and Climate Justice Storytellers Collective Internship

High school interns representing the state of Texas will partner with regional experts in Science, Technology, Engineering, Mathematics, and Medicine (STEMM) and environmental and climate justice organizations to chronicle stories of vulnerable communities adversely affected by climate change and environmental hazards.

Interns will:
Build capacity to work with community organizations locally and learn about their community’s work through the development of digital stories.

Qualifications:
◉ Have a passionate interest in environmental justice and climate change advocacy.
◉ Currently enrolled in High School
◉ Rising High School Junior or Senior Student

Environmental storytelling will include multi-media training that will help interns to develop communication and technology skills while bringing together knowledge and practices needed to understand and address issues of environmental and climate justice.
